

RZ8

Release device with energy supply (Z-6.510-2428)

Product description

Release device with energy supply for the installation of a hold-open device RZ8-FA according to the general type approval Z-6.500-2436

Product designation	Power supply with trigger device	Operation / display	Membrane keypad
Rated voltage	85...265V AC	Casing (type)	Spelsberg (ABS)
Connected load	65VA	Casing (size)	122x122x55 mm
Control voltage	24V DC	Casing (colour)	similar to RAL 7038
Mains frequency	47...63Hz	Degree of protection	IP 65
Starting current	10A	Ambient temperature	-10°...+40°C
Output current	900mA DC		

Note

The RZ8 unit combination must be installed in the detection range of the fire detectors of the respective termination; if necessary, an additional fire detector must be installed. Other housing versions, e.g. flush-mounted, operating protection, cabinet installation, are possible; further information can be found in the operating instructions.
