

Product description

Power supply for conveyor system drives, for clearing of the closing area of conveyor system closures

Product designation	Power supply	Batteries UPS	40x12V 7.2Ah
Rated voltage	380...415VC (three-phase + N)	Potential-free outputs	Battery operation • Battery undervoltage
Mains frequency	50...60Hz	Casing (type)	VX 8205.000
Power factor	0.9	Casing (size)	1200x2000x500mm
Rated output	10 kVA • 15 kVA • 20 kVA	Casing (colour)	similar to RAL 7035
Effective power	9 kW • 13.5 kW • 18 kW	Degree of protection	IP 54
Fuse protection, to be provided by customer	10kVA 40A	Ambient temperature	0°...+40°C
Characteristic B or C	15kVA 63A • 20kVA 63A	Air conditioning	optional
Overload capacity	125% 10 minutes • 150% 1 minute • 168% 5 seconds
